

CHELMSFORD AMATEUR RADIO SOCIETY

Newsletter No 37

January 1969.

Meetings

The Society next meets on Tuesday 7th, January at the Marconi College, Arbour Lane, Chelmsford, commencing at 7.30 p.m.

At this months meeting three topical films will be shown:-

1. 'Marconi M.S.T' - This shows a modern automatic high frequency communications network (colour).
2. 'Apollo in Ascension' - the story of the construction of the Ascension Island tracking station to follow apollo moonshots.
3. 'Radio News 1968' - the much publicised new R.S.G.B. film dealing with the highlights of amateur radio in 1968.

Raffle

100 cigarettes and a technical prize of particular interest to anyone wanting silicon diodes for their power supply projects:-
0A211 - Lots!!!

To be drawn after tea during the January meeting.

Committee Meetings

The next committee meeting will be held on Tuesday 21st January in the 'Wheatsheaf', New Street at 7.30 p.m.

News in Brief

A team of C.A.R.S. travelled to Colchester to do battle with a Colchester Radio Society in a Radio Quiz. The Chelmsford team won equalling the series to one all!
Congratulations to John Rollason G3WCO, Roy Martyr G3PMX and Willie McClintock G3VPK who represented our society. Thanks go also to all members who went along to give their support.

M.A.A. Project

Members of the Marconi Apprentice Association over the last ten or so weeks, have been building from scratch a complete S.S.B. Transmitter/Receiver equipment for use at their radio club premises at Pheonix House, London Rd, Chelmsford. At the time of going to press the equipment was almost in operation and already the receiver, designed by society members Pete Chadwick G3RZP and Barry Tew G3WFF, had been used for contacts on 80 metres.

They hope to have the transmitter and linear in full operation in the new year under the call G3JTW, so they will no doubt, be pleased to have any reports on their signals while tests are being made.

Members Ads.

Paul Selwood G8BGV wishes to obtain 4 copies of Radio Communications to complete a set. Any offers of January to April 1968 would be appreciated.

BEST DX IN THE NEW YEAR
