

CHELMSFORD AMATEUR RADIO SOCIETY

Newsletter No. 52.

May 1970

Meetings

The Society next meets on Tuesday 5th May 1970 at the Marconi College, Arbour Lane, Chelmsford, commencing at 7.30 p.m.

This month we have a most topical subject in store:- "Communication in Space". This will be given by Mr. Norman Moorcroft F.R.A.S. Mr. Moorcroft has followed the American space programme with great interest and has collected many photographs, maps and diagrams from N.A.S.A. which he will be showing during his talk. This will, I am sure, provide us with a most interesting and informative evening.

This month's prize:- Radio Communication Handbook (a real must in any Hamshack)
