

CHELMSFORD AMATEUR RADIO SOCIETY

Newsletter No. 55

August 1970

Meetings

The next meeting of the Society will be held on Tuesday 4th, August at the Marconi College, Arbour Lane, Chelmsford, commencing at 7.30 p.m.

This month Arthur Butcher G3KPJ will be giving his lecture planned for last month, entitled "Certificates and Awards."

Raffle

A special bumper first prize for DF enthusiasts this month: Four Ordnance Survey Maps of Chelmsford and surrounding areas. (Those used in all our hunts.)

Second prize, the very useful book 'Amateur Radio Techniques.'

Next Committee Meeting

The Committee next meets at the "Wheatsheaf", New Street, Chelmsford on Wednesday 19th, August commencing at 7.30 p.m.

DF News

Hunt held on 5th, July - Comments and Results

The hidden station G3WMM was located on the disused railway track 400 yards east of Great Dunmow station. To give competitors the opportunity of a bit of bush beating, a dummy aerial was placed across the track, with one end in some thick bushes. Most competitors did as the organiser hoped and found a large piece of iron at the end of the wire.

The actual location was however, much easier to gain access to, once the correct bush had been located.

The results were as follows:-

1st	I.R. Batson	3.30BST
2nd	G5IX	4.10BST
3rd	G3BGO	4.11 "
4th	G3OZF	4.33 "
5th	G4PEV	4.42 "
6th	G3EHZ	4.43 "

DF Hunt Calendar

National qualifying event 9th August, Galleywood Common, 1300 Hours. Hidden station G3WMM. Map: Ordnance sheet 162 (Southend-on-Sea)

Will all entrants notify Mike Hawkins G3WMM, 24, St. Cyprus Road, Colchester (Telephone Col. 82453) of the numbers in their parties requiring tea, not later than 2nd August.

CHELMSFORD Hunt, 23rd August, Tiptree Heath, 14.30 hours, hidden station G3PMX/P.

Society News

RSGB 1971 Call Book

The latest call book will be available in early October. The Committee will try to obtain a bulk purchase from the RSGB, so should anyone interested in a copy, please contact Tom Carter G3VCF, Chairman C.A.R.S. at the next meeting. A small discount may be possible to arrange and as they will not be available at the exhibition this year, make sure to contact Tom.

Cont/.....

Please dont forget the component sale every month - all items (component wise) wanted and sold.

It has been suggested that the Society compile a list of members holding circuit diagrams and data of surplus and amateur equipment. The object of this is to enable members who require information of this nature to be able to obtain it quickly and without cost. More details of this suggestion will be discussed at the August meeting. Any views will be most welcome.
