Next Meeting

The next gathering will occur at 7.30pm local time on Tuesday July 3rd, at the Marconi College, Arbor Lane, Chelmsford. The meeting will be a Show of Home Assembled Masterpieces, Brilliantly and Lovingly Engineered Singlehanded. (i.e. the constructors competition). Please have your entries there by 7.30pm so that everyone can have a look at them before the chats start. Come prepared to chat for a few minutes. A card describing what the box of tricks is meant to do will help the other members, when examining it at the beginning.

The judges descisions will of course be final, and they reserve the right to abandon previously published rules as they see fit. They will however, be awarding £10 in prizes, which at present will be split into £5, £3, £2, but (unofficially as Editor of this cynical sheet) I wouldn't be surprised if every member were given 10p for a half-pint in the pub.

The success of the meeting therefore depends on you, (said in my best Kitchener pose). At the end, Mr. McClintock will do his Leonard Sachs impression and lead us in two choruses of 'Down at the Old Bull and Bush'.

Committee Meeting

At the Wheatsheaf, on 18th July, 1930 local time.
