

CHELMSFORD AMATEUR RADIO SOCIETY

NEWSLETTER NUMBER 118

NOVEMBER, 1975

Monthly Meeting The next meeting of the Society will be on Tuesday, 4th November at the Marconi College, Arbour Lane, Chelmsford starting sharp at 7.30pm. The subject for this month's talk, "The Radio Amateur Emergency Network", will be delivered by George Cutting, G3GNQ, we look forward to hearing the latest information on this branch of communications.

The committee have proposed that this and future meetings shall have a new format, the formal part of the meeting will extend from 7.30 to 9.00 pm at which time refreshment will be served followed immediately by the raffle leaving the rest of the evening free for informal chatter.

Another proposal is to run an informal bring and buy sale at each meeting which will run concurrently with the chat session, unlike our annual junk sale the bring and buy will not be levied by the society however there are still some items in the 'clubs' stock which will be on offer and free additions to this are always welcome.

Committee Meeting for November will be held on Wednesday the 12th at the Wheatsheaf, New Street at 7.30pm.

AGM We apologise for the cramped conditions in which this was held but there was a last minute hitch with the lighting in our usual venue which could not be rectified in time. For those of you who were unable to attend, the meeting was chaired by our President Ron Ferguson, G4VF, who carried it forward in his very adept style. A vote of thanks was proposed to last years committee particularly our past chairman Bill Pechey, G4CUE, who due to other commitments is unable to continue in office for a further year.

Jamboree of the Air Two local scout groups put stations on the air for this event with the assistance of the Chelmsford Amateur Radio Society, one signing GB2GBS and the other GB3FCS, a good time was had by all with quite a few visitors being entertained at each station. We also had a bonus of some good publicity in the local press, bands conditions were fair and some nice Dx was worked.
