

CHELMSFORD AMATEUR RADIO SOCIETY
NEWSLETTER NO.160.

MAY, 1979.

Next Meeting.

Following G3PMX last month, we have G3PMW this month. Ken will be giving us a talk on Television Transmitters. This subject is almost unknown to most radio amateurs and should prove to be interesting and different. Ken has worked in this field for some time and we would have difficulty in finding a more authoritative speaker.

The meeting will take place on Tuesday May 1st, at Marconi College, Arbour Lane, Chelmsford beginning at 7;30 p.m.

Committee Meeting.

Wednesday May 9th, Wheatsheaf 7;30 p.m.

N.F.D. Meeting.

Wednesday May 16th, 112, Lond Brandocks, Writtle, 8;0.p.m.

New Members.

The Society extends a warm welcome to the following who have recently joined :

Mr. C.Humpoletz.	
Mr. C.Lancaster.	G8HDR
Mr. D.Shaw.	G8MDG
Mr. W.Cole.	G8BYO
Mr.C.Budd.	G8OPB

The Alexandra Palace Trip May 12th.

Regretably the response to the proposed coach trip has been so poor that we cannot run it this year, will the eight members who paid £1 deposit reclaim same from John G8DET (he knows who they are!) Perhaps these members may wish to organise themselves into some car parties with a suitable financial arrangement.

Southend Rally.

Southend Radio Society is running its usual rally on April 29th at the Fitzwymarck School in Rayleigh. There will be plenty of trade stands and other attractions. Talk in is provided on 2 m and 70 cms.

Cont'/d

V.H.F. Contests.

Chris Lancaster, G8HDR has just moved into the area and is very interested in competing in some V.H.F. contests. Would interested parties please contact him on Chelmsford 61777 Ext.243. (daytime).

Direction Finding.

In order to increase the number of those taking part in D.F. hunts, the club has some D.F.receiver kits available. The receiver is designed by Bill North of the Mid Thames Club and many people are using it successfully. The kit consists of a printed circuit board, I.F.filter, coils and integrated circuit. Details from G4CUE.
