Dear Mr Bowen,

Thank you for your letter dated 9 April regarding UK Amateur radio.

I was pleased to learn that you found Mr Morris' letter helpful. I would of course be happy for you to show his letter to other Radio Amateurs if you feel that it would be helpful to do so.

With best wishes.

Yours sincerely

John Whittingdale

It did take some effort to get the reply from Dominic Morris as the first one from his office completely failed to address the issue. However, I know both Dominic Morris and Stephen Carter well so I rang him to stress the point.
